Vasthu Veda

A dedicated spot for the TV

The placement of your TV, like any other object in your home, significantly influences the atmosphere. According to Vastu, positioning the TV in the South-East corner of your living room is recommended. This area is considered conducive to balanced energy flow. Conversely, placing the TV in the north-west side may encourage family to spend excessive time watching TV.

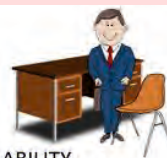

Interior Design Tips

Antiques Bring Elegance

There's no denying the charm that antique furniture or vintage area rugs can bring to a space. These pieces become conversation starters, adding a touch of sophistication to your entertaining spaces. In your home office or study, an antique bookshelf not only serves practical purposes but also reflects your personal taste and appreciation for craftsmanship. Even in your bedroom, incorporating antiques serves as a gentle reminder that, like these exquisite pieces, you too are a treasure worth cherishing.
